

Submitter: Bri Klingerman

On Behalf Of:

Committee: House Committee On Emergency Management, General  
Government, and Veterans

Measure, Appointment or Topic: HB2995

Hello,

As an Oregonian with deep family roots here, I support this measure. My great-grandfather built a house in Portland before the highway cut through the neighborhood. They attended the same church I now go once a month to utilize the community tool library. Despite all of the trials and tribulations, we have made this state our home and hope the government, which is really just an extension of the community here, holds the past accountable and makes it right.
