We were fine until we decriminalized drugs. Recriminalize drugs ,and make their actions illegal, and offer rehab inside the jail. That is the only shelter I support. There was enough support for them before we lost all comon sense and decided it would be a good idea to offer them clean needles and a safe place to do their drugs. I cant afford to pay for anymore of the irresponsibility. No more money for them no more. It you want to take them in personally go ahead but dont expect the taxpayers to pay for your mess.
