Measure, Appointment or Topic: HB3644

My testimony: This bill, like many others submitted this session, only serves to degrade and undermine the Oregon citizens. This bill's motive is unclear in that it doesn't explain exactly who would receive the money for housing. We're only lectured, as usual to go ahead and let the "adults" who have squandered the Oregonians money in the past to be allowed to do so again. As usual as in the past, I'm guessing, the massive amount of money will probably be coming from a tax scheme to bind Oregon homeowners into new taxes and I'm while the recipients aren't listed, I'm pretty certain that when my husband and I lose our home that sits on land that his ancestors claimed in 1848, the homeless program will not be for us but rather people who came here illegally and just love to claim that we are the thieves who stole the land. History tells us a different story. But schools lie. No to this bill and NO TO KOTEK!
