Measure, Appointment or Topic: SB427

Dear Chairman and Committee members,,  
I support Senate Bill 427. The Oregon Water Resources Department should not approve applications for water right transfers without adequate consideration of whether the change will further diminish stream flows. I am in support because the need to safeguard streams and the fish, water quality, and scenic values they support are essential to our quality of life.  
I urge your support of SB 427. Thank you.

Sincerely,  
Jean Edwards
