

Submitter: Christine Brautigam
On Behalf Of: Oregon Outdoor School
Committee: Senate Committee On Natural Resources and
Wildfire
Measure, Appointment or Topic: SB427

Please pass SB 427

I teach outdoor school to help young people understand the beauty and connectedness of all of nature as well as the scientific marvels, we have discovered about how water works within all of the precious ecosystems... it seems pretty amazing that we continually take take take and do not protect and help and increase the health and abundance of nature. Please uphold strong water protection and rights for critters, trees, and wild life as well as future generations of humans. Please protect beautiful Oregon and learn from the dam removals, etc. Please help me help the youth of today become the nature stewards of tomorrow.
