

Submitter: Brooke Crouch

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure, Appointment or Topic: SB680

I support this bill because in this era of climate catastrophe, greenwashing is not only misleading but also actively dangerous. We have to be able to trust people and companies when they promise that their actions are not contributing to climate chaos. We need to be able to focus on real solutions to climate change, rather than having our time and money wasted with greenwashing.
