Government, and Veterans

Measure, Appointment or Topic: HB2995

Being a USA Navy veteran, I strongly oppose HB 2995. I believe financial support by the US government or Oregon tax payers should only go to the living that have served honorably during their own life time. This so called investigation of reparations is along the same principles that Later Day Saints believe they can pray their ancestors into heaven. What souls have past have past. The Indian tribes of Oregon should be treated more than other migrant groups, but again I believe one earns self respect and income on merit and not a SPECIAL people group. Again I strongly oppose HB 2995.
