

Submitter: Annalise Neff

On Behalf Of:

Committee: House Committee On Agriculture, Land Use, Natural
Resources, and Water

Measure, Appointment or Topic: HB2965

I support HB 2965-3 because we want to protect Oregon's coastal waters from the many harms of industrial aquaculture. It has been scientifically proven that net pen aquaculture of finfish causes environmental and socioeconomic damages, and I want Oregon to prevent the influx of such operations now that they are banned or seriously restricted on the rest of the West Coast.

Please support this bill.
