I strongly oppose this bill. This is not a good use of tax payer funds, when the state faces a huge budget deficit. Money needs to be spent on failing infrastructure and roads, not on the homeless crisis that has had millions thrown at it already. The problem isn't getting fixed with the money already spent. Why do we need to spend more? Look at how little buy-in happens already, why do we need statewide funding for beds that will not be used. We the people are tired of seeing our tax money wasted!
