

Submitter: Brett Baylor

On Behalf Of:

Committee: House Committee On Emergency Management, General
Government, and Veterans

Measure, Appointment or Topic: HB2151

I write to you in strong support of this bill. The seismic risk mitigation fund, as originally designed, was too limited in scope to be most efficiently utilized in the event of a disaster. This bill expands the allowed uses of the mitigation fund to include fire and emergency response. Please pass this bill.
