On Behalf Of:

Committee: House Committee On Housing and Homelessness

Measure, Appointment or Topic: HB2138

Please remove Section 22(1)(f) from this bill.

The intent of HB 2138 is to create more middle housing in Oregon, which I generally support. However, repealing requirements for demolition review for historic houses is not necessary to reach that goal. There is no reason that historic houses cannot still be preserved for the sake of the community, history, and preservation, while still encouraging more middle or affordable houses.

Thank you.
