Protection

Measure, Appointment or
Topic: HB3179

Why is it the People's responsibility to pay for the lawsuits that utility companies lost. That seems very unfair. In the medical field that is what malpractice insurance is for. They should have insurance to cover them if they get sued. What they should NOT be able to do is pass the cost on to the consumer, crippling their ability to have heat or lights in homes. It is just plain wrong. Wendy Phelps Chapman
