

Submitter: Jamie Cummings

On Behalf Of:

Committee: Joint Committee On Transportation

Measure, Appointment or Topic: HB3362

I oppose any and all additional taxes. Taxing me for tires that I need in order to work is unnecessary. I am on a fixed income. I am already taxed beyond my means. I file my taxes single zero and they already take out more taxes than I can afford. Paying rent, buying groceries, having fuel to make it to the job that I have to work at when I should be retired should not have the added burden of additional taxes. Dear state of Oregon, please stop over taxing us.
