

Submitter: Brian Tunell

On Behalf Of:

Committee: Joint Committee On Transportation

Measure, Appointment or Topic: HB3362

This is just another money grab that's hurts all Oregonians. Farms use tires, shipping companies use tires, private citizens use tires. Even electric vehicles, busses, and emergency vehicles use tires

What's worse is this tax money will be handled by ODOT, which has been proven incapable of handling taxpayer money.

Stop this nonsense!
