Measure, Appointment or Topic: HB3362

Please vote "NO" on this bill. It seems ODOT is bound and determined to destroy Oregon's transportation sector. Tires are already unaffordable; taxing them makes things even worse! People will be forced to run their old tires until they're bald, leading to more tire failures and accidents. And since when does ODOT need more money for mass transit? How about repairing our existing roads and other infrastructure for a change? That's what we really need! And how will allotting millions more dollars to the DEQ really help Oregonians with their transportation issues? It won't! The DEQ is just another black hole, sucking up our hard-earned dollars for questionable projects.

Please bury this bill.

Sincerely,

Johnnie Burt
