Measure, Appointment or Topic: HB3103

I want to encourage you to oppose Measure 3103. This bill would further endanger the wildlife that are now having such a hard time existing. We need our salmon, marbled murrelets, and all owls. We the people must make our voice heard. Save ALL animals and birds. Once they are gone...they are really gone forever. We cannot support their habitat destruction.

I have worked as a volunteer at the Portland Zoo for 25 years and also at the Audubon Society (Bird Alliance of Oregon) for 8 years. I have put in many hours to save birds and animals from injuries with windows, cars, and people with good and bad intentions.

Please oppose this measure.
