

Submitter: Anne-Marie Eklund

On Behalf Of:

Committee: Joint Committee On Transportation

Measure, Appointment or Topic: HB3362

I urge you to support HB 3362 to secure permanent funding for critically needed wildlife crossings. These crossings save thousands of lives of our precious wildlife and millions of dollars of losses due to the vehicle collisions. In addition, the crossings prevent people from getting seriously injured in these collisions.

By passing HB 3362 and securing this funding, our roadways will be safer for people and wildlife.

Thank you for supporting this common-sense bill.
