

Submitter:

LISA TARDIE

On Behalf Of:

Committee:

Senate Committee On Education

Measure, Appointment or Topic:

SB717

During my student teaching, I was unable to earn wages during this time. Thus, the only way that I was able to complete student teaching because I was in a two income household. If this bill passes than so many individuals who are single and low income can have a chance to higher education that improves their lives and we can have more passionate teachers.
