

Submitter: Walt Madsen

On Behalf Of:

Committee: Joint Committee On Transportation

Measure, Appointment or Topic: HB3362

This is a sales tax that is being snuck through Oregon's are opposed to sales taxes. And this tax would not be used to repair roads through out Oregon these Funds would be entrusted to ODOT and redistributed to mass transit and environmental programs. And what is this about Tire Pollution and Rail Transit Fund.?

And why not highways, roads and bridge repairs

What about the state of Oregon using funds the way it should be used? And not making another tax to cover up Poor spending practices. This measure shows how the tax money would not be used correctly. We, as Oregonian should not pay the cost of mismanagement of funds

I am opposed to measure HB 3362
