Committee: Joint Committee On Transportation
Measure, Appointment or Topic: HB3362

To Whom it may Concern,

I strongly oppose the Tire Tax in HB 3362. Our roads continue to decline, we need allocated funds to meet road maintenance needs, not some slush fund that can be used for feel good projects that do not address the concerns of those being taxed. This is a poorly written bill that feels like a money grab and does not address the needs of Oregonians.

Thank you for considering my objection.

Regards,

Concerned voter
