Measure, Appointment or Topic: HB2138

As a homeowner in Foster Powell near South Tabor, I support House Bill 2138 as one step towards addressing the housing shortage. I want my neighborhood and my region to support people of all income levels to be able to live close to work, transit, and amenities. This bill will create stronger communities, find more opportunities for working people like me to become homeowners, and lead to more vibrant neighborhoods by making use of vacant lots.
