Topic: SB77

As a rural landowner now on a farm/forest property I respectfully ask that you oppose SB 77. 2 years ago we were in a position to buy this parcel from our families estate, I am one of 7 siblings and grew up on this land. It is not honest to think that we owners don't take care of the land or have a vested interest in preserving it. Urban landowners who typically support this kind of thing have no idea what the reality is out here.

You don't know what you don't know and sadly our voice is not being heard. Today I plead, please listen.
