I strongly oppose this bill. The backlog of these offenders needs to be caught up as soon as possible. These offenders have committed a crime, been found guilty of a crime and now they need to be registered for the crime. Any vote to support this bill is a direct slap in the face to the victims of these crimes. Don't wait for them to be convicted of hurting more than one victim. These people are a threat to society, Oregonians deserve to know who their neighbors are!
