

Submitter: Bradley Bondy

On Behalf Of:

Committee: Joint Committee On Transportation

Measure, Appointment or Topic: HB3362

The research is clear, tire pollution is harming fish populations. This very modest tax on the sale of automotive tires will help to pay for mitigation of those harms, as well as help pay for alternative travel options for Oregonians.

This is a modest, fair, and responsible tax. The cost for consumers is not high, but it raises a meaningful amount of funding. Please vote to advance this bill.
