

Submitter: Julia Ingram

On Behalf Of:

Committee: Joint Committee On Transportation

Measure, Appointment or Topic: HB3362

As a U.S. and Oregon voter and tax payer, I oppose any new taxes including a tire tax. As a low income family, we cannot afford any taxes at all, and a tire tax is a way for the State of Oregon to fund projects that don't make sense to Oregon citizens. The price of tires has already doubled since Covid. Stay out of our pocketbooks and work on issues like crime, deporting illegals, and cleaning up our forest floors to prevent forest fires.
