

Submitter: Charles Johnson  
On Behalf Of: No Tax On Tires  
Committee: Joint Committee On Transportation  
Measure, Appointment or Topic: HB3362

"NO TAX ON TIRES" There are no set means of tracking funds for ODOT transportation. It will become a diverted slush fund for unsustainable programs funded by an undue burden on the backs of the lower- and middle-income families. ODOT currently is unable to keep an accurate record of its current highway funds and expenditures of existing contracts. This bogus attempt to extract funds from the general public is a false flag and the legislation should not be considered.
