

Submitter: Kirby Maxson

On Behalf Of:

Committee: House Committee On Climate, Energy, and  
Environment

Measure, Appointment or  
Topic: HB3546

I am in full support! Data centers and other large energy users need to pay their fair share. Their demand for energy is creating a greater need to invest in our energy grid. Residential utility customers have seen exponential increases. The costs should not be incurred by residents, but by the corporations who are making the increasing demand on our grid!  
Thank you for your support on this
