

Submitter: Avis R
On Behalf Of: People who DRIVE vehicles that have TIRES
Committee: Joint Committee On Transportation
Measure, Appointment or Topic: HB3362

Committee:

I am a retired Senior Citizen on a very limited income. One of my next purchases is tires to remain being a safe on the streets driver.

Your use of the funds, if this crazy bill were to pass goes to animal crossings rather than fixing the POT HOLES in our Salem streets? ? ?

You need to drive the loop around the state fair grounds on Silverton Road and Sunnyview.

See the weathered worn pot holed streets?

Drive from the down town bridges on Center street out to Cordon Road.

See the weather worn pot holed streets?

Maybe you need to drive across a few railroad tracks, the streets are in need of repairs everywhere.

This bill is a time waster.

Common sense is required.

I am opposed to this bill HB 3362
