Measure, Appointment or Topic: HB3580

I support HB 3580 and ask you to pass this bill. I live in Coos County and do not want to see further degradation of the eel grass beds that exist here. I am glad people have recognized the need to direct focused attention on the health of this important resource. Eel grass contributes a great deal to a healthy environment and to a healthy economy in Coos County and the State of Oregon so it makes good sense to dedicate state funds to maintain this valuable resource.
