Measure, Appointment or Topic: SB78

As an owner of EFU property I urge you to Oppose SB78. It is yet another assault on the property rights of rural landowners in Oregon. There are plenty of regulations already in place to protect our farming properties. Furthermore our family purchased our property with the intent to rebuild existing homes located on it to larger sizes so that we may all live here together. This bill would have negative repercussions for us from a housing and financial standpoint.
