

Submitter: Paul Sloan  
On Behalf Of: Giving historic buildings a chance.  
Committee: House Committee On Housing and Homelessness  
Measure, Appointment or Topic: HB2138

I oppose this bill because of one sentence.

Please do not remove the only protection a community has to protect its historic buildings. This does not mean that these buildings cannot be demolished but in certain cases it's the only way a community can even have any say against mass overnight demolitions of historic buildings. Many of these buildings are the reason our neighborhoods are so beautiful and they can also be repurposed. Once gone it's gone forever.
