I strongly opposed this bill . This bill is discrimination against anyone whom owns or is looking for property in rural Oregon and is an attack on Republican voters in the state as most of us reside out side of town that this bill attacks specifically. This bill should only be voted on by people living in rural Oregon.If this bill is to pay for fires then you must take the lead and start maintaining state land by grazing or mowing brush and logging the Forrest and range lands. Power companies are insured and it's not the citizens problem to pay for their ignorance of lack of maintenance to power lines.
