

Submitter: Claire Vlach
On Behalf Of:
Committee: Joint Committee On Transportation
Measure, Appointment or Topic: HB3362

Members of the Committee,

I am writing in support of HB 3362. Particle pollution from vehicles tires is a big problem, and, unlike exhaust from gas-powered cars, not one that will be solved by a switch to electric vehicles. Implementing a tire tax to bolster public transit and rail is a great way to give people alternatives to using their cars, hopefully thereby reducing the negative effects of tire pollution.

Sincerely,

Claire Vlach
