

Submitter: Anna Munson

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure, Appointment or Topic: SB821

I Strongly Oppose SB 821.

The evidence I have seen documents that sex offenders particularly pediphiles often do not change their proclivities no matter the treatment and are highly likely to re-offend.

I would rather that we inconvenience a convicted perpetrator and have them under a mandatory check in policy than have someone in the public be victimized, especially a minor/child.

Respectfully submitted,  
Anna Munson
