

Submitter: David Green
On Behalf Of:
Committee: Joint Committee On Transportation
Measure, Appointment or Topic: HB3362
Co-Chair Gorsek and McLain, Co-Vice Chairs Starr and Davis, and Members of the Committee:

I am an Oregon resident asking you to support HB 3362.

I drive regularly between Bend and Sisters and often see deer killed by collisions with cars. Our mule deer populations in central Oregon is declining. Collisions between deer and cars is one of the reasons for that.

Fortunately, there is a solution. Wildlife crossing structures are a proven, popular, and cost-effective technique to improve public safety and restore habitat connectivity.

Oregon needs a permanent source of funding to implement state programs and projects to improve motorist and wildlife safety. Permanent funding would:

Improve the safety of Oregon's roadways

Remove barriers to wildlife

Please protect both our wildlife and our communities by supporting HB 3362.

Thank you, sincerely, for your time and consideration!

Regards,
David Green
Bend, Oregon
