

Submitter: Gloria Dunagan  
On Behalf Of: Windy River Gleaners  
Committee: Senate Committee On Human Services  
Measure, Appointment or Topic: SB611

We are open every Tuesday morning. The people who come into our pantry are so grateful that we there to help them. Many without our help wouldn't be able to make ends meet. Rent, utilities, food, meds or any other extras that they need. Many are living on the edge of poverty. It would only take one major setback for them to end up homeless. We have homeless people that come into our pantry also, we give them food, blankets, coats, socks anything that they need. If we have it. We are thankful for the donations we receive so we can pass it on to those who need it. Right now we are serving over 160 families in a 4 hour period. The people who work there are all volunteers. Without the help from the volunteers we wouldn't be able to do what we do. We want our people who come in for food to know they are safe being there. If it wasn't for the OFB we wouldn't be able to help so many in need.
