On Behalf Of:

Committee: Senate Committee On Labor and Business

Measure, Appointment or Topic: SB916

Dear Committee Members,

I strongly oppose SB 916. If workers want to strike, our tax dollars should not support them. Unemployment is for people who are out of work by no fault of their own. It should remain as such. This is common sense.

Sincerely,

Karen Schmidlin

Worker, paying unemployment tax since 1979.
