Shantel Schroeder

On Behalf Of:

Committee:

Senate Committee On Judiciary

Measure, Appointment or Topic:

SB821

I strongly oppose this bill. As someone who has been assaulted, this concept is a slap in the face. Oregon is #1 per capita for the amount of sex offenders. We need to firm up our laws and not relax them to protect our community. This is disgraceful and I hope you please consider the gravity of this and the victims, and not the workload that's trying to be pushed off.
