On Behalf Of:

Committee: Senate Committee On Judiciary

Measure, Appointment or Topic: SB821

This is a disgraceful outrage and a shameful insult to every victim. Oregon's feeble sex offender classifications and pitiful registry system are utterly inadequate—far too lenient to address these depraved predators. Rather than taking the lead to eradicate sex crimes and pedophilia, Oregon is practically welcoming these monsters with open arms. As a survivor, I am utterly appalled by this state's cowardly and permissive stance toward sex offenders.
