Wildfire  
Measure, Appointment or Topic: SB78

This is not something oregon state government needs to be in the middle of. This is government overreach for sure. I have never built a house or had to rebuild a house but this bill doesn't pass the smell test at all. I'm sure there are already plenty of building codes rebuilds have to meet, why do we need to make it worse and force the small house views of a few on everyone? Please vote no on this.
