On Behalf Of:

Committee: Senate Committee On Natural Resources and
Wildfire

Measure, Appointment or
Topic: SB78

Attention to the Senate Committee on Natural Resources and Wildfire: SB 78 is an extreme bill. It gives the government control over your building plans. This should NEVER be allowed. If you tragically lose your home to wildfire you are dealing with enough just to jump through the hoops already in place between land use laws, insurance etc. You do not need the added pressure of the government telling you how large you can build or even being involved with those plans. Enough is enough. Vote NO on this iron handed reach by the government in OR.

Sincerely

Mary Betts
