Measure, Appointment or Topic: HB3362

I oppose this legislation.

The state legislature is subverting the will of the people and attempting to enact what amounts to a piecemeal sales tax. Oregon is drowning its residents in taxes, "revenue enhancements", and costly but specious regulations. Oregon does not have a revenue problem - it has a spending problem. The expenditure strategy of the State of Oregon tolerates heavy spending without a corresponding positive result for the taxpayers of Oregon.

Thank you for your consideration.
