On Behalf Of:  
Committee: Senate Committee On Natural Resources and  
Wildfire  
Measure, Appointment or Topic: SB78

We've seen 4!!! neighbors homes burn to the ground...old homes with faulty wiring and such. Meanwhile each family bought the land with the old homes to preserve the land and fix up the home for their growing families. How can you be the one to determine how big their family is? How many rooms their house should have? How big the square feet? ESP when people in Oregon can't afford homes and families are living together? Our adult son can't afford his own home! Thank goodness we have an extra bedroom. This bill is overreach, controlling and authoritarian. Build more homes, don't obstruct them!
