I am 100% opposed to SB 78. This is an unfair bill that places undue burdens on those not involved in a union dispute. The union and company are between them, and if the union members decide to walk out, that is on them. They have strike funds set aside for such actions. I was a member of a union for 37 years, paid my dues, and was involved in a few strikes. We made our decision to strike and knew the consequences, but we also knew the outcome could be a positive one. This was on us, not the state, not the citizens, it was between the company and the union members. I am demanding a NO vote on this very harmful bill.
