

Submitter: Brandi Bowman

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure, Appointment or Topic: SB821

I oppose this bill. I do not support removing the deadline by which the State Board of Parole and Post-Prison supervision is required to assess existing sex offender registrants into a risk level. There are over 19,000 sex offenders that have yet to be assessed. Oregonians deserve to feel safe and to be able to have accurate transparency of the sex offenders who may be a danger to the people in their community.
