

Submitter: Chuck Gasaway

On Behalf Of:

Committee: Joint Committee On Transportation

Measure, Appointment or Topic: HB3362

Oregon voters have already voted down a sales tax a number of times in the past. Now it appears that rather than a global sales tax, the plan is to 'nickel and dime' the tax, a few items at a time. Cars, bicycles, and tires?

Increasing the cost of tires will not make the hi-ways more safe as drivers stretch more life from a set of tires.

NO tax on tires.
