

Submitter: J Carriveau

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure, Appointment or Topic: SB821

I represent 20 people who strongly oppose this bill. If the governor feels a strong need to add employees to the State, we recommend you amend this bill to ADD staff to catch up on the backlog of classifying the sex offenders, as opposed to removing the deadline for assessment by parole boards. The rate of sex offenders is continuing to rise as our state culture continues to encourage pornography/perversion, but the taxpayers/citizens of Oregon will continue to say NO on all fronts.
