Measure, Appointment or Topic: SB78

I STRONGLY OPPOSE SB 78! I feel every single Oregonian would be HIGHLY OPPOSED to this SB 78 and yet the majority know LITTLE to NOTHING about this bill! With all that is going on in this country at this time, what exactly would possess you or anyone to believe this would be a good idea or the ideal outcome should tragedy strike causing someone to loose their entire life and security? There are so many recently that have been affected by the most atrocious tragedies, lost their homes, their security and have also been stripped of their rights to rebuild and yet now YOU would like to offer that same fait to Oregonians, should something just as unfortunate happen to us? You think you should have the right to take away something that others have paid for with their own blood sweat and tears for MANY years should be taken from them during a time that they would need it the most? Shame on you! I really don't know how you people sleep at night.
