

Submitter: Scott Shurtleff

On Behalf Of:

Committee: House Committee On Emergency Management, General  
Government, and Veterans

Measure, Appointment or Topic: HB2151

Preparedness for disaster is vital to saving lives, protecting property, and enabling first responders to perform effectively and safely. HB 2151 will enhance disaster preparedness for a seismic event, which could happen any day now. Let's not delay: advance preparedness is as important as post-event response. Please pass HB 2151 out of committee to fund planning efforts for a seismic event.
