Please oppose this bill. Small, family farmers are already struggling. Imposing new rules and requirements, on top of Oregon's already stringent rules protecting ALL employees, would force many of us out of business and subject us to unnecessary litigation. We do NOT need another bureaucratic layer of unelected officials imposing even more restrictions on farmers. Most of us farmers care deeply about our employees and treat them well. It would also be unfair to single out farming from other industries. I am a lawyer and a farmer and I urge you to vote no on this bill.
